Neighbourhood Plan

As you will have read in last week's newsletter, our parish is creating a Neighbourhood Plan. This is a community project to guide future building and protect green spaces in St Leonards and St Ives. It helps decide where homes, shops, and facilities should go, making sure changes suit our area. We'd love the school community to get involved! Parents can complete the questionnaire using the link below. Children can enter a special competition to share ideas for the parish's future. The most creative entry (written or drawings) wins a family mini golf ticket and two mini Range Rover sessions at Moors Valley! Remember the deadline for completion of the questionnaire and competition entry is **Friday 28th November 2025**.

Online Safety

Tracking devices like AirTags and SmartTags were designed to help people find lost belongings, but they've also opened the door to worrying forms of misuse. Their compact size and subtle design make them easy to hide, which can lead to the unwanted tracking of people without their knowledge. From stalking and bullying to potential misuse by peers, these gadgets bring a range of risks that trusted adults must stay aware of.

This guide examines the growing popularity of Bluetooth trackers, the most common ways they're being misused, and how to spot signs that a child may be affected. With practical tips on detecting hidden devices, using the right apps, and starting important conversations, it's a vital read for parents, carers and educators looking to stay ahead of a fast-moving issue.

Winter Uniform

A gentle reminder that trousers must now be worn until March 1st. No shorts please. With the colder and wetter weather upon us please remember a coat!
